

## SUNDAY NIGHT SWAP NET SCRIPT

Sunday 9pm

**“Good evening! This is \_\_\_\_\_ (call sign) and my name is \_\_\_\_\_. I am located in \_\_\_\_\_ (city, town, village) and I will be net control for this evening. On behalf of the MRC91, I would like to welcome you to the Sunday night swap net. Licensed Amateurs are encouraged to check in, with or without traffic. This net handles the listing of amateur radio and related computer equipment that you would like to buy, sell or trade. All equipment should be your personal property unless you are handling the estate of an Amateur or other ham, who cannot access this net.”**

**“No sales with a pecuniary interest, or negotiations and haggling are allowed. You may propose an asking price”.**

**“Check ins are in alphabetical segments, based on the first letter following the numeral in your call sign. Mobile stations may ignore the roll call segments and check in at any time.**

**During check ins, please respond with your call sign in standard phonetics, your first name and whether you have traffic or not.”**

**“If you have an emergency, let us know and we will handle your traffic.”**

**“Again, this is (name and call)”. (reset the mic)**

**“When I specifically ask for your traffic, please respond with your name, call, location, contact info and the items you wish to buy, sell or trade. If listing for another, please also list their name and call”.**

**“We will now begin check ins with any mobile stations”:**

*(acknowledge, by repeating what you heard and logged, or “hearing none, we will take check ins from”)*

**Call sign segment suggestions**

ALPHA	GOLF	LIMA	QUEBEC	WHISKEY
BRAVO	HOTEL	MIKE	ROMEO	X-RAY
CHARLIE	INDIA	NOVEMBER	SIERRA	YANKEE
DELTA	JULIET	OSCAR	TANGO	ZULU
ECHO	KILO	PAPA	UNIFORM	
FOXTROT			VICTOR	

*“A -alpha thru D-delta come now please” (and so on)*

*When a net typically does not have a lot of check ins, it is suggested to do larger segments during the check in period, it is your call.*

*Please remember to use your call sign at least every 10 minutes per FCC regulations. Also, ask your guests to repeat their call sign if you read it back incorrectly.*

*Please take all check ins prior to the traffic portion of the net.*

*You are required to write down each persons traffic as when they are done, you will need to read it back, confirming their information.*

*At the end of the net ask for any late check ins. If there are none say, “Hearing none, this net is now secured at \_\_\_\_\_pm. Thank you all for participating”. “We will now return the repeater to normal amateur use”. “This is (name and call) 73 and good night”.*
