

Fun Net Script
9:00PM Saturday Night
Milwaukee Repeater Club

Good Evening! This is _____ (Callsign). My (first) name is _____, and I am located in _____ (city).

On behalf of The Milwaukee Repeater Club, which sponsors this, the WI9MRC, 6.91 repeater, I would like to welcome you to the Saturday Night Fun Net. Everyone is invited to listen, and licensed Amateur Radio Operators, Technician Class or higher, are encouraged to check in to this net. The purpose of this net is to promote fun and conversation on a broad topic that may be chosen by the net control. Tonight's topic is _____.

This is a directed net, which means that all communications are carried out at the direction of this net control station.

The call of the roll will be in alphabetical segments, based on the first letter following the numeral in your callsign.

As today is an even numbered day of the month, the call of the roll will be forward, that is A-Alpha thru Z-Zulu. On odd Saturday's checkins will be from Z-Zulu thru A-Alpha.

As today is an odd numbered day of the month, the call of the roll will be reverse, that is Z-Zulu thru A-Alpha. On even Saturday's checkins will be from A-Alpha thru Z-Zulu.

Mobile stations, who may get out of range, or reach their destinations, may ignore the roll call segments, and check in anytime. Mobile stations will also be given priority for a second go-around. If you have emergency traffic during this net, please say the pro-word BREAK during the pause before the courtesy beep. We will then stop the net to handle your emergency traffic. That use of the the word BREAK is our standard procedure on this very busy frequency. If you need the frequency with NO emergency, simply say your callsign before the beep, and you be directed to go ahead as soon as possible.

During checkin periods, please respond with only your callsign in standard phonetics. All stations will be given a second go-around, so there is no need to specify traffic or not when checking in.
