

Public Service Net Script  
8:00PM Sunday Night  
Milwaukee Repeater Club

Good Evening! This is \_\_\_\_\_ (Callsign). My (first) name is \_\_\_\_\_, and I am located in \_\_\_\_\_ (city).

On behalf of The Milwaukee Repeater Club, which sponsors this 146.91 repeater, operating under the callsign WI9MRC, I would like to welcome you to the Sunday Night Public Service Net. Everyone is invited to listen, and licensed Amateur Radio Operators, Technician Class or higher, are encouraged to check in with traffic, or without. Traffic for this net means Formal Traffic, Announcements, or Informal Traffic for individuals.

This is a directed net, which means that all communications are carried out at the direction of this net control station.

The call of the roll will be in alphabetical segments, based on the first letter following the numeral in your callsign. Mobile stations, who may get out of range, or reach their destinations, may ignore the roll call segments, and check in anytime. If you have emergency traffic during this net, please say the pro-word BREAK during the pause before the courtesy beep. We will then stop the net to handle your emergency traffic. That use of the word BREAK is our standard procedure on this very busy frequency. If you need the frequency with NO emergency, simply say your callsign before the beep, and you be directed to go ahead as soon as possible.

During check-in periods, please respond with only your callsign in standard phonetics, whether you have traffic or not, and if so, one or two words describing the nature of your traffic.

We will now begin accepting check-ins in the segment of A-Alpha thru C-Charlie.

Again this is \_\_\_\_\_ (callsign) and my name is \_\_\_\_\_.
