**At about 745pm make this announcement:** “This is (name and call) with a QST. The Pink Hamsters Young Ladies Net will begin at 8pm. The topic for tonight is \_\_\_\_\_. This is (name and call) end of QST.

**At 8pm:**

“Good evening! This is \_\_\_\_\_ (call sign) and my name is \_\_\_\_\_. I am located in \_\_\_\_\_ (city, town, village) and I will be net control for this evening. On behalf of the MRC91, I would like to welcome you to the Saturday night Pink Hamsters Young Ladies Net”. Licensed Amateurs are encouraged to check in, and we do encourage third-party traffic.

“Our topic for this evening is \_\_\_\_\_.”

“If you have an emergency during this net, please let us know and we will stop to handle your emergency.”

“Check ins are in alphabetical segments, based on the first letter following the numeral in your call sign. Mobile stations may ignore the roll call segments and check in at any time.

During check ins, please respond with your call sign in standard phonetics and your first name please.”

“Again, this is (name and call).” (Reset the mic and begin.)

**“We will now begin check ins with any mobile stations”:**

*(acknowledge by repeating what you heard and logged, or “hearing none, we will take check ins from”) Please state “If I have your call sign incorrect, please come back and let me know, thank you.”*

*“A -alpha thru D-delta come now please” (and so on)*

*When a net typically does not have a lot of check ins, it is suggested to do larger segments during the check in period, it is your call.*

*Please remember to use your call sign at least every 10 minutes per FCC regulations.*

*Remember after your first “go around” ask for new check ins.*

*Have FUN, enjoy yourself and remember, this is not only a net for enjoyment, but it also allows yourself and others to get comfortable handling traffic on a net. This net is not so rigid. It is certainly ok, if the net is slowing down, to run off course a bit. Example if your topic is movies and you have kind of run thru the topic, open more discussion ideas. And just as well, you have an hour or longer, so use it if you like. If your more comfortable ending the net, that is up to you, the net control.*

*At the end of the net ask for any late check ins. If there are none say, “Hearing none, this net is now secured at \_\_\_\_\_pm. Thank you all for participating”. “We will now return the repeater to normal amateur use”. “This is (name and call) 73 and good night”.*
